# Testimonials and experiences.

Marieth

We want to thank you for the beautiful moments captured on our "BIG DAY". You helped me with your patience and calmness when arriving on time to take the photos, making me feel like I was in a photo session with a friend!

With each photo, we can see and feel the emotions we experienced in that moment with so many lovely people. And what can we say about the video... they are the best 20 minutes captured of each of our friends and family, dancing, laughing, enjoying, to put it briefly, radiating love... Thank you for your great work and may you continue to achieve many successes.  
"Always aiming high".

## Frequently asked questions

- **How long should I wait to receive my photos?**

From 3 to 4 weeks (It depends on the package and if it includes video)

- **Where and how are the photographs delivered?**

The photos are delivered via Pixieset, a free and easy-to-use platform where you can access all the high-quality photos and download them from a computer. If the package includes video, it will be provided via Wetransfer.

- **How far in advance should I book the date?**

It's advised to do so with 4-6 months in advance.

- **How much money do I need to book the date?**

With 50% of the total package cost. We also offer payment facilities according to each client's budget. Let's talk!

- **How do I cancel the package cost?**

Through bank deposit, Sinpe Móvil, or Paypal (sending payment proof).

- **Do we need to provide travel expenses?**

For events lasting more than 3 hours, we request meal provision, which can be arranged at the same celebration.

- **What happens if we no longer need your services after making a deposit?**

Unfortunately, we cannot refund the money. However, you can exchange it for another service of your interest.

- **How should I prepare for that day?**

It's essential for the team to have at least 15 minutes alone with the couple at the end of the ceremony to have a small private session with just the couple, as we consider this an important part of the memories for your special day.

We recommend always entering the celebration venue with a gentle smile, looking straight ahead, never looking down so we can better capture the moment.

Try to place the rings gently and delicately so the photographer can capture the moment better. Put all your love into the final kiss, we'll love to capture that moment. And last but not least, ALWAYS SMILE AND ENJOY your special day. The memories should capture all that emotion.

## IMPORTANT NOTE:

We are very happy to share your wedding photos and special moments with our audience on social media. If for personal reasons you do not agree, please communicate in advance. Respect for your privacy is very important to us.
